New PTA Council Officers Meet

NEW OFFICERS OF THE PTA COUNCIL map plans for school year at first meeting. They are (shown above) reading from left to right: Stephen Brown, superintendent of schools; Mrs. Robert McDonald, treasurer; Mrs. A. B. McDonald, secretary; Mrs. Emmett Backenstoe, president; Mrs. Darrell Thornton, first vice-president and Mrs. Stephen Lewis, second vice-president.

High School Student Scholarship Award Is Given Consideration

New officers of the PTA city-wide council, holding their first meeting, took action Monday night to determine the possibilities of awarding a scholarship to some worthy WHS boy or girl.

A committee, headed by Mrs. Robert McDonald, was chosen to determine the type and amount of a scholarship which the group should award.

Other members picked to serve on the committee included Mrs. Wendell Briggs, Mrs. Robert Wilson, Mrs. Lawrence Wing, Mrs. L. C. Scott, Arthur Wohlers, principal of WHS, and Leo Whiteside, principal of Sunnyside School.

The council members discussed the possibility of forming a high school PTA and decided to "feel out" parents to see how much interest might be shown in such a group.

To get acquainted with new teachers and school administrators in the city school system the council decided to sponsor a tea during the first part of October. Exact time and place of the tea will be set later.

A project committee was appointed to discuss what type of a project the five PTA units in the city should sponsor this year.

Last year the PTAs staged a Western Round-up, which met with considerable success.

Airliner Missing In Mexico, Report

MEXICO CITY, Sept. 27.—(AP)—Rescue squads edged their way up the slopes of Popocatepetl Volcano today in search of a Mexican Airlines plane missing with 24 persons aboard since yesterday afternoon.

Mexican Senator Ramos Millan, chairman of the National Corn Commission, was reported aboard the Mexicana de Aviacion plane. Moises Bautista, a shepherd, said he saw a plane fall into the snow on the slope of the volcano yesterday afternoon. Airport officials said it must have been the missing plane.

The plane, bound from Tapachula on the Guatemala border to Mexico City, carried 21 passengers and three crewmen. Airline officials said two of the passengers—Eugenia Goldsmith and George Graham—may be Americans but no record of their addresses was available.

Meanderings

By Wash Fayette

Sam Evans has an anniversary coming up next month, when he will have completed 40 years as porter at the Chery Hotel.

However, Sam has been in the game longer than that, for he was porter at the Melvin Hotel when George Melvin owned and operated it. That was back yonder in 1904.

When the Melvin Hotel, which stood on the corner of South Main and East Streets, opposite the old Pennsylvania Railroad passenger station, went into receivership, it was operated in 1905 by Dr. R. M. Hughey. That was during the first GAR encampment here and Sam will never forget that event.

Later he was porter when Lou A. Green operated the Melvin Hotel, which was then known as the Imperial Hotel. It was destroyed by the big conflagration which swept that block during the last days of 1911.

When Sam first started as porter at the Chery, it was operated by Mrs. McGraw. Then A. P. Lynch took over, followed by C. H. Griffith, who managed it until his death and it is now owned by Mrs. Griffith.

Sam has grown stooped and has developed a limp due to advancing age, but he is still the same efficient and ready porter that he has always been.

Suit Called Threat To Press Freedom

Council members voted to send their president, Mrs. Emmett Backenstoe, to the 44th annual convention of the Ohio Congress of the PTA in Columbus Oct. 5, 6 and 7.

There were 27 council members at the meeting, held at the home of Mrs. Darrell Thornton on East Paint Street.

In charge of the meeting were the officers of the PTA council, including Stephen Brown, superintendent of the school system here; Mrs. Emmett Backenstoe, president; Mrs. Darrell Thornton, first vice-president; Mrs. Stephen Lewis, second vice-president; Mrs. Robert McDonald, treasurer and Mrs. A. B. McDonald, secretary.

The new PTA council officers were elected last June. The Monday night meeting was the first they had conducted.

Suit Called Threat To Press Freedom

Government Action Assailed by Ohioan

CLEVELAND, Sept. 27.—(AP)—Publisher S. A. Horvitz of the Lorain Journal said today the government's anti-trust suit against the paper constitutes a "threat to the rights of every newspaper and publication in the United States."

Horvitz, in his first statement since the civil action was filed in federal court here last Thursday, added:

"Maybe it's a case of the Journal being made a guinea pig in a move by the government to regulate and control newspapers. The anti-trust act and the government's power to regulate commerce has been stretched to cover control over all manner of business in recent years.

"If government bureaucrats can gain control over the advertising contents of the American Press, it would be a short step to gaining control over the news and editorial contents as well.

"Radio is already under the thumb of the Federal Communications Commission. Perhaps this is the first step toward an FCC for newspapers."

The government accused the paper and four of its officers of conspiring to monopolize the dissemination of laws, advertising and other information in violation of anti-trust laws.

It said the Journal had refused to accept advertisements from advertisers who advertised over radio station WEOL and WEOL-FM in Elvira and in the Sunday News, a paper published every Sunday in Lorain.

The action asked a preliminary injunction to require the paper to print advertising of firms that also use the Sunday paper and the radio station.

Attorney General McGrath pointed out that the suit was the first in which a paper has been accused of conspiring to injure a competing radio station.

Horvitz, who also is publisher of the Mansfield (O.) News-Journal, said that "at the proper time and in open court we will meet any and all charges contained in the action."

A hearing on the injunction request is set for Nov. 15.

Drowns in Ohio River

EAST LIVERPOOL, Sept. 27.—(AP)—Ralph Lowe, 28, of West Bridgewater, Pa., drowned in the Ohio River early today after falling from a skiff as he and two companions were returning to the Iron City Sand & Gravel Co.'s dredgeboat Elizabeth Pheil.

Fire Silences Phones

MOUNT VERNON, Sept. 27.—(AP)—Full long distance telephone service was expected here today after a flash fire knocked out five of eight toll positions in the Mount Vernon Telephone Corp. switchboard yesterday.

Hallelujah!

Common Cold Cure Claimed In Five Drugs

NEW YORK, Sept. 27.—(AP)—A common cold cure which worked 90 per cent of the time, if you caught the cold within the first hour, is reported by Captain John M. Brewster, U. S. Navy Medical Corps.

The cure is not one drug, but at least five, all antihistamines, that is the drugs you take for allergic sneezings.

Capt. Brewster reported his experiments in the U. S. Naval Medical Bulletin of last January-February. The drugs he used are pyribenzamine, theuylene, neoteran, histadyl and benadryl.

For every hour's delay in taking the allergy drugs there was a drop in cures. Waiting six hours gave only 74 per cent.

Capt. Brewster declared it is possible to catch colds early enough. He said that cold sufferers know when one is beginning. "These new drugs," he writes, "eliminate sneezing, coughing and the profuse discharge from the nose which now is left invisibly on door knobs, faucet handles, hand rails, in the air we breathe and on other places of contact. If properly and universally used, the antihistamines could reduce the incidence of colds to the vanishing point."

The five drugs named are not all the new antihistamines. Capt. Brewster's report was confined to results of those five. In earlier reports it was stated erroneously that a new antihistamine drug coricidin had been named in Capt. Brewster's report.

Russia To Return U. S. Navy Ships

WASHINGTON, Sept. 27.—(AP)—Russia agreed formally today to return 30 American naval vessels loaned to the Soviet in World War II.

The ships are to be given back by Dec. 1. They include three icebreakers and 27 frigates which are small patrol craft.

The United States has been trying to get them back for four years.

Soviet Ambassador Alexander S. Panyushkin and Willard Throp, assistant secretary of state, signed an agreement at the state department today after negotiations which started early last month.

Tax on Dividends Raised by Britain

LONDON, Sept. 27.—(AP)—The government sliced further into business and industrial dividends today and warned that it may limit all dividend payments by law unless companies keep them down.

The tax on dividends, now 25 percent, was raised to 30 percent. This tax is paid from dividends by all companies before they distribute profits to stockholders. It is in addition to regular income taxes.

Sir Stafford Cripps, chancellor of the exchequer, told the House of Commons his aim is to offset the inflation implied in Britain's devaluation of the pound.

Forest Fire Menaces Oregon Towns

MCMINNVILLE, Ore., Sept. 27.—(AP)—A mile wide forest fire licking down a mountain side menaced two Oregon coastal towns today. Residents prepared to move.

Farm families in another Oregon area in flames were evacuated last night.

The fires were among dozens that burst out of control in western Oregon and southwest Washington yesterday.

Smoke hung over timbered mountain ranges in great clouds and hampered the aerial survey plans of foresters. There were no reports of injuries among thousands of men working the fire lines last night. More men and school boys were being recruited today.

Foresters said the burning areas totaled up to ten thousand acres.

TRUCKEE, Calif., Sept. 27.—(AP)—The forest service today threw all available men and equipment into a battle to control a fire which at one point yesterday roared to within two miles of Truckee.

OVERSEAS AID STEPPED UP

Non-Union Mines Reopened Under Heavy Guard

PICKETS ARRESTED IN PITTSBURGH AREA; NO VIOLENCE YET

PITTSBURGH, Sept. 27.—(AP)—Eleven hundred non-union bituminous miners defied the striking United Mine Workers and went back to the pits in western Pennsylvania today. State police moving to block violence quickly arrested 17 pickets.

The state troopers brought reinforcements into the four-county Clearfield area where 35 operations resumed after a week of idleness due to picketing by unionized bands.

Miners went to work carrying rifles and shotguns. Armed guards paced near entrances to mine workings or stalked in underbrush nearby.

Scores of automobiles containing pickets cruised leisurely on narrow winding roads skirting the mines but made no reported efforts to interfere. Squads of state police trailed them and occasionally brought them to a halt for inspection.

In Clarion County some 50 miles from Clearfield, state police are violating a court injunction against mass picketing.

Mines being reopened are located north of Pittsburgh. Most of them are strip workings in which steam shovels dig coal from surface veins. Others are underground operations.

State police reinforcements were brought in after local authorities called on Governor James H. Duff for help.

Residents of the mine areas were warned by the operators to remain off roads leading to the pits or strippings and to abide by newly posted no trespassing signs.

Boy Admits Killing His Friend for \$150

MARIETTA, Sept. 27.—(AP)—A 15-year-old schoolboy admitted today he killed Gordon Roe, 53, with the farmer's own gun.

Prosecutor E. E. Erb said the boy, Bobby Herlan, signed a statement he shot his friend in a cornfield last Aug. 1 at Dana's Run.

Herlan previously blamed the shooting on Robert Bayless, 21, of Belmont, W. Va., said Sheriff Dean Ellis of Washington County.

Bobby was brought before Juvenile Judge Josephus R. Thomas as a first degree murder complaint signed by the sheriff. He was not asked to plead but admitted the slaying to the court.

"I killed my friend with his own gun," the boy repeated over and over.

Judge Thomas made Bobby a ward of the court and ordered him taken to the Bureau of Juvenile Research in Columbus.

Roe and the youth were good friends. The boy went to Roe's barn Aug. 1 to talk with him. He saw the farmer's loaded revolver on a shelf and took it. Later the two went into a corn field where Bobby shot Roe in the back of the head and took his wallet. It contained about \$150, although he said earlier there was \$197. The boy was found Aug. 19.

Suspicion was directed towards Bobby when he started spending large denomination bills, officers said.

Manslaughter Charge

LISBON, Sept. 27.—(AP)—Richard Spiker, 28, of Sunbury, Pa., was indicted by the Columbiana grand jury yesterday on a charge of second-degree manslaughter in the death of Donna Marie Saunders, 7, of near Lisbon. Struck by a coal truck Feb. 9, Donna Marie remained unconscious until her death Sept. 14.

Meat Prices Skidding in Ohio

(By the Associated Press)
Meat prices in Ohio, especially those of pork cuts, appeared today to be on the skids.

This was apparent in reports from several Ohio cities and from the American meat institute in Chicago. Only Cincinnati, among cities reporting, had not yet experienced a reduction in pork prices.

The reductions in pork prices were expected to run as high as 20 to 25 cents a pound in Cleveland.

They dropped as much as 10 cents a pound in central Ohio yesterday.

A spokesman for the Fisher Brothers chain in the Cleveland area made the estimate of the 20-to-25 cents a pound price cut on pork. A spokesman for another chain, who asked that neither he nor his firm be identified, confirmed the prediction of the Fisher Brothers spokesman.

A spokesman for the Great Atlantic & Pacific Tea Co. branch office in Columbus, which serves

stores in Ohio and West Virginia, said the lower prices are general in his area. He said the wholesale meat market is coming down for both pork and beef.

Less was said, generally, about a reduction in beef prices than about pork price cuts.

In Mount Vernon, O., one butcher reported a 10-cent reduction for pork and beef. Another said his best pork cuts were down 10 cents a pound, but that beef prices

Four Key Posts Filled by Chest

DIVISION HEADS MEET WITH CAMPAIGN GROUP

The campaign committee of the Community Chest completed an important step Monday night when it appointed and met with its four new division chairmen.

The key posts were filled by Ray Maynard, Charles Fabb, Miss Grace Huston and Garrett Ramer.

Maynard will head the business and industrial division; Fabb the rural division; Miss Huston, the residential and Ramey, the special gifts section.

Working under Fabb, C. G. Stuckey will serve as organizer for Jeffersonville and Robert Jefferson will handle the Bloomingburg area.

The red feather organization has been built for efficiency.

It will be streamlined through all its echelons, down to the district chairmen in each division and captains of campaign teams, the foot soldiers of fund-raising.

Each level in the organization will be somewhat autonomous, since those people in each section were handpicked because of their special qualifications for that particular area and phase of the collection work.

But close liaison will be maintained with the top levels by the various section heads to insure a comprehensive and efficient campaign.

Maynard Craig is chairman of the campaign committee, which is scheduled to establish its beachhead on October 18, the morning after the big kickoff dinner.

Meeting with Craig in the Chamber of Commerce offices Monday night were Miss Grace Huston, Garrett Ramey, Clarence Cooper, Samuel Sauer, C. G. Stuckey, Robert Brubaker, president of the board and Perse Harlow, executive-secretary.

3 German Women Sentenced to Hang

RASTATT, Germany, Sept. 27.—(AP)—Three young German women were sentenced to death today for war crimes they committed in the Nazi Ravensbrueck concentration camp for women.

The Germans, Maria Minges, Ingeborg Schulz and Ruth Schumann were convicted by a French war crimes court here. They were former Nazi SS (elite guard) overseers at Ravensbrueck.

Movieland Marriages on Rocks

LOS ANGELES, Sept. 27.—(AP)—"Everybody in the country saw more of her than I did," actor Paul Valentine testified in obtaining a divorce from stripteaseer Lili St. Cyr.

Charging mental cruelty, Valentine said yesterday the only time he saw his silver-blond wife was when he got her a billing in Hollywood. He will continue to create and stage her routines as her manager.

Miss St. Cyr is in Montreal filling an engagement. She did not contest the divorce.

17-Year-Old Boy Held For Burglaries Here; Seven Are Admitted

Charles Barton, 17, picked up by Policeman Robert Palmer and Sheriff Orland Hays about 11 P. M. Monday night while he was burglarizing the Country Club Drive-In, at the intersection of the Greenfield Road and Elm Street, has admitted seven different robberies and is suspected of several others, police said Tuesday.

Barton, son of Mr. and Mrs. Frank Barton, residing near the B&O crossing of the Devalon Road a half mile north of Washington C. H., was caught in the act by the police patrol which was checking all possible points.

Jolson Goes Back To School Where He Got His Start

BALTIMORE, Sept. 27.—(AP)—Al Jolson sang "Mammy" and a couple of other songs for the boys at St. Mary's Industrial School last night and told them "St. Mary's did a lot for me."

Jolson was a St. Mary's boy for several months about 50 years ago after running away from his home in Washington. Another famous graduate of St. Mary's was the late Babe Ruth.

"I've been waiting to do this for a long time," Jolson said as he rolled up to the gray stone buildings with a police escort last night.

"Look, honey, (to his wife) that's where I used to play. The gates open. It was always shut when I was here. I remember bars all around. Once I hit a boy on the stairs coming down from chapel. They put me in solitary.

"That's bad enough, but to look out the window and watch the other boys playing—well, honey, I screamed and hollered until I ran a temperature, so they had to let me out.

"They didn't let us smoke, so I got a plug of tobacco from an iceman and spit in my shirt pocket. The pocket got pretty stiff."

"Like a nightclub, by comparison," Jolson said when shown the new dining hall.

He met 74-year-old Brother Benjamin, former St. Mary's superintendent and the only teacher who remembers Jolson when he was there.

They went into an assembly room where 135 boys were waiting. Jolson told them about the time he was at St. Mary's.

"I've carried beautiful thoughts from those months all my life," he said. "I've had a measure of success, I guess, and I owe a great deal to the teachings of those wonderful Brothers. I guess I'm the only Rabbi's son who was ever taught in a Catholic school. "Now is there anything in particular you'd like to say?"

(Please turn to Page Ten)

Charles Barton

The officers entered the place with drawn guns and found Barton skulking in the building.

He was identified as the boy who had been suspected of various crimes here, but who had managed to stay in the clear when officers sought him.

Police Chief Valden Long and Sheriff Hays searched the Barton home thoroughly, but could find no stolen property.

Under threat of arrest for concealing stolen property, Barton's parents recovered several stolen articles, including some old coins stolen from Miss Bess Shoop's home on North Street some two weeks ago.

An automatic pistol of German make, which had been stolen from a filling station in London, while Barton was robbing the station, was recovered, along with a pair of binoculars, the owner of which is to be learned and a set of saddlebags stolen from a bicycle owned by Rodger Whitley.

Barton admitted, officers said, that he robbed the Shoop, Philip Tatman and Brady Howard residences. He also admitted the robbery at London and stealing Roger Whitney's bicycle, which latter was found abandoned.

He also admitted stealing a bicycle owned by Ruth Wolfe, to ride to the Drive-In to burglarize it Monday night. The bicycle was recovered near the Drive-In.

Tom Barton, 22, brother of Charles, was held for questioning, but was exonerated by Charles, who said no one had helped him in the series of burglaries.

Police also suspect the youth of burglarizing the Robert Hagerty dental office and the Methodist parsonage here.

Police Chief Long said he did not believe the boy had burglarized the Record-Herald office Saturday night. As the Helfrich Market, visited by a burglar late Saturday night, is only a few squares from Barton's home he is also suspected of entering that place, but was frightened away before stealing anything of value.

Sheriff Hays said he would take the boy into juvenile court on a breaking and entering charge.

Barton served time in the Boys Industrial School for burglarizing the W. A. Armbrust residence a few years ago.

Russian A-Bomb Threat Spur to Congress Action

Lack of Know-how Handicaps Reds, in Senator's Opinion

WASHINGTON, Sept. 27.—(AP)—Swift agreement in a Senate-House committee on a \$1,314,010,000 overseas arms program sped along today one U.S. answer to Russia's A-bomb claims.

The news of an atomic blast in Russia served to speed agreement among the lawmakers that friendly nations must be strengthened against the threat of Communism.

A Senate-House conference late yesterday sidetracked a House economy move and agreed, in three hours, on the higher cost program voted earlier by the Senate. The discarded House figure was \$869,415,000, or \$444,595,000 less than the agreed-upon Senate figure.

The conferees worked on final small points today. This will clear the way for final congressional action, first by the House and the Senate.

Chairman Connally (D-Tex.) of the Senate foreign relations committee told reporters the Russian atomic reports "have given the arms program new strength."

Republican Senators Bridges of New Hampshire and Knowland of California agreed.

House Falls in Line

Usually, conferees appointed to settle Senate-House differences reach agreement by an in-between compromise. In this case the House members dropped any pretense of fighting for the lower figure.

As the authorization bill now stands it contains:

\$1,000,000,000 for the North Atlantic Pact nations;

\$241,370,000 for Greece and Turkey;

\$27,640,000 for Iran, Korea and the Philippines;

\$75,000,000 which may be spent by the president—as he sees fit—in the China area;

Permission to ship \$450,000,000 of surplus arms.

House members insisted on only relatively minor changes in the arms plan voted by the Senate.

Briefly, the program would authorize the bulk of arms aid for western Europe and make \$125,000,000 available immediately to get the aid program underway. This money would come from the Reconstruction Finance Corporation.

Know-how Counts

Senator O'Mahoney (D-Wyo.) said today every sign indicates Russia doesn't have the industrial know-how or facilities to stockpile atomic bombs.

O'Mahoney, who led one Congressional group in the drive to tighten the secrecy around American atomic developments, told a reporter he doesn't agree with Senator Hickenlooper (R-Iowa) that information leaks may have speeded Soviet efforts to fire an A-bomb.

"The basic scientific information has been no secret," the Wyoming senator said. "It's the industrial know-how of making the bombs that is important."

"The Russians just don't have the technical abilities nor the facilities to stockpile bombs. Just look at their attempts to produce automobiles. They are far behind and this certainly is a much more complicated matter than producing automobiles."

Humorist Speaks To Bloomingburg Lions Members

'Dusty' Miller
Chose 'Attitudes' As
Subject of Speech

Thurman (Dusty) Miller, well-known humorist and speaker, told members of the Bloomingburg Lions Club Monday night:

"It's not so much who we are but what our attitudes are that count."

Speaking on the subject, "Attitudes," he said it's a privilege to have been Americans living in a land of opportunity of service to others.

Miller, who has a reputation for giving out bright home-spun humor said: "It's not the weather which makes the day but what we do about it."

Members of the club voted \$25 to the swimming pool fund to help build a pool in Washington, C. H. and a plea was made for support in the current drive for funds by Robert Jefferson, president.

It was announced that the October meeting will be set aside as ladies' night and a Halloween hard times party held.

Zone Meet Reported

A report on the zone meeting held at Bellbrook was given by Ray Scott, the club secretary. It was announced that a zone meeting will be held in Bloomingburg November 28.

A card of thanks was read from Lion Donald Helsel, who while a patient at the Veterans Hospital in Dayton, received some flowers from the Bloomingburg Club and five pints of blood donated by Lions members.

Jefferson announced that a meeting of the board of directors has been set for 8 P. M. October 3 in his office.

On hand for the meeting were three members of the Jamestown Lions Club, Gene Gordon, president, Milton Pettit and John Collett.

Ten guests who were at the meeting included Glen Davis, Glen Davis, Jr., Neil Davis, Harry Butcher, Carl Mann, Rolland Chase, Carl Gorman and Hack Fendleton.

Ray Croker Dies From Heart Attack

Ray F. Croker, 64, died from a heart attack at 5 A. M. Tuesday at his home at 503 Broadway.

He had been in ill health for the past three years.

Mr. Croker operated the Farmers' Produce Exchange here with his sons for 17 years.

Born in Versailles, Ohio, he came to Washington, C. H. about 1930 and has been in the poultry business all his life.

He was a member of the Christian Church of Versailles and a charter member of the Moose Lodge of Xenia.

Surviving are his wife, Clara, a daughter, Mrs. Charles Coffey, two sons, Richard and Romain and six grandchildren, all of Washington, C. H.

He also leaves a brother, Vernon, of Urbana and two sisters, Mrs. Edward Kerner of Versailles and Mrs. Charles Kneuhl of Greenville.

Services will be held at 2 P. M. Thursday at the Hook and Son Funeral Home, with Rev. C. B. Tigner in charge.

Burial will be in Washington Cemetery.

Friends may call at the funeral home any time after noon, Wednesday.

Mainly About People

Mrs. Robert Massie, of Bloomingburg, entered University Hospital, in Columbus, Monday for observation and treatment.

Mr. and Mrs. Alonzo Eubanks, of Greenfield, route three, are announcing the birth of a daughter on Monday in the Greenfield City Hospital.

Mrs. Walter Cline was removed from her home on the Bush Road to Doctors' Hospital, Columbus, Monday afternoon in the Parrett ambulance for observation and treatment.

Mrs. Herman Sword, Jr., was brought to the home of Mr. and Mrs. Herman Sword, Sr., 518 Eastern Avenue, Sunday in the Parrett ambulance from University Hospital, Columbus.

Mrs. Jesse Whitmer was able to return to her home in this city Monday from Mt. Carmel Hospital in Columbus where she recently underwent a major operation. The trip was made in the Hook ambulance.

Mrs. F. C. Light, 827 Lakeview Avenue, entered Mt. Carmel Hospital, Columbus, Sunday and underwent a major operation on Monday. She is reported to be getting along as well as can be expected.

Everett Maughmer, of this city, underwent a major operation in the Cleveland Clinic Hospital, last Saturday. He is reported to be getting along nicely. Mrs. Maughmer is remaining at the hospital with him.

Mrs. Everett Arnold was removed from her home, 611 Willard Street, to University Hospital, Columbus, Monday where she will undergo major surgery. She was taken to the hospital in the Kirkpatrick ambulance.

Mrs. Ray Barrett, of this city, sustained a severe laceration to her left hand when she caught it in the wringer of her washing machine on Monday. Dr. Jack Persinger rendered medical attention and it required a number of stitches to close the wound.

Scouts and Cubs Feted At Roll Call, Court of Honor

THERE WAS PLENTY OF EXCITEMENT Monday night for members of this Boy Scout Cub Pack. They were given a uniform inspection by Patrolman Clarence Cooper (above) of the Washington C. H. police force.

A double ceremony honored Fayette County's Boy Scouts and Cubs before an overflow crowd at Memorial Hall Monday night.

Twenty-nine Scouts received awards for their achievements at the court of honor.

Ten units were inspected by city police and highway patrolmen in the national roll call and inspection, reported Field Scout Executive Ray Craft.

The Scouts, Cubs and more than 200 adults present heard an inspiring talk on "Strengthen the Arm of Liberty," delivered by the guest speaker, Fred J. Milligan, president of Central Ohio Council.

Troop 112 and Neighborhood Den 49 scored highest on the uniform inspection and were presented plaques by Lee Fisher, district commissioner. Paul Schorr, jeweler here, donated the plaques.

Group singing was led by Bill Clift, WHS band director. "America, The Beautiful," "God Bless America," and "Fat and Skinny Cub Scouts," were among the songs in which everyone joined.

The critical eye of the inspecting police and highway patrolmen gave an average uniform score of 80 percent to troops 32, 112, 116, 152 and 170.

Cub packs 13, 20, 29, 49 and 67 scored an average of 75 percent. The distinction of winning merit badges went to four Scouts:

Paul Swayne of Troop 32, for home repairs;
Paul E. Woods of Troop 112, for automobile.

Harry Lewis of Troop 116, for home repairs, gardening, woodwork, bookbinding and cooking;
Vernon Lightle, also of Troop 116, for home repairs, bookbinding, cooking, gardening and woodwork.

First-class awards were made to Paul Swayne and Merrill Kaufman of Troop 32, Marvin Cook of Troop 112 and Ronald Pitts, Edward Forsythe and Robert Bennett of Troop 152.

Second-class awards were given to Max Sheppard and Paul Warnecke of Troop 112 and Andy McMarrow, Pearl Clayton, Howard Hatfield, Dalano Hains, Donald Howard and Paul Howard of Troop 116.

Members of Troop 170 who won second-class awards were Roger Grim, Jack Hickman, Jerry Donohoe, Robert Moore, Tom Moore, Jim Newbrey, Tony Perone, Billy Trimmer, Nelson Whaley, Edward Willis and Lewis Weeter.

Rev. Lewis B. Rogers opened the court of honor ceremonies with the invocation and Rev. Allan W. Caley offered the benediction at the closing. Both are district committeemen.

Reports on the Scout cabin on route 70 were given by Robert James and Lee Fisher.

Troop 112, of which Maurice Hopkins is scoutmaster, performed the duties of carrying the colors of each unit forward.

Warren Parkinson, past field Scout executive and Paul Van Voorhis, district chairman, made brief addresses to the parents present.

After the court of honor, the motion picture, "The Fighting Lady," was shown.

The next court of honor is scheduled for January, 1950.

M.)—Salable hogs 4-600, early trade, moderately active, mostly steady; barrows and bulls chiefly weights 150-240 lbs; good and choice 200-250 lbs \$20; around 80 head 20.10; few 180-200 lbs 19.50-75; 140-180 lbs \$19; good and choice sows under 500 lbs largely 15.50-17.50; heavier weights down to \$15; stage \$12.	
Cattle 600; calves 350; slaughter cattle early market about steady; slow to moderately active; demand best for	

Overseas Aid

(Continued from Page One)
Hickenlooper told the Senate yesterday that "loose security policies" by the Atomic Energy Commission had "permitted vital information to filter out of this country."

"I have no doubt that they have helped step up Russia's time table for the production of an atomic explosion by a very substantial period of time," he declared.

Chairman McMahon (D-Conn) of the Senate-House atomic committee took sharp issue with Hickenlooper.

McMahon said an investigation by the committee of Hickenlooper's charges of "incredible mismanagement" against the AEC and Chairman David E. Lilienthal hadn't produced a single bit of evidence that loose security policies helped the Russians get atomic knowledge.

URANIUM FOR RUSSIA

BERLIN, Sept. 27—(AP)—Russia has found a new uranium mine in east Germany to spur its atom bomb production, West Berlin newspapers claimed today.

The papers said the new mine was opened under the direction of Russian engineers in former silver mines at Mansfield, near Eiseleben in Saxony, Sept. 21. More than 1,000 German miners were reported working in the new shaft.

The Mansfield mine is the second uranium source exploited by the Russians in eastern Germany. Several thousand Germans and Russians have been working uranium mines at Aue, near the Czechoslovakian border.

Grain Market

CHICAGO, Sept. 27—(AP)—Some deliveries of wheat touched new seasonal highs at the Board of Trade today. The December, March and May contracts reached new highs all up around a cent.

Anticipation of new flour business, combined with the announcement of a 10 cent advance in family flour effective tomorrow induced buying. The cash market was also a factor in the advance. Spot traders called the market around a cent higher.

Corn followed the action of wheat, as did oats, with the March oat contract showing independent strength on elevator buying.

Soybean trades had reports of that France had asked for offerings of 15,000 tons of soybeans.

Unconfirmed reports said that the army purchased 4,600,000 pounds of hard yesterday, with additional purchase in prospect for the "near future."

The Nation Today

By OVID A. MARTIN
(For James Marlow)

WASHINGTON, Sept. 27—(AP)—Wartime price controls have long been dead, but one major commodity still is under government price regulation. It is sugar.

The government does not have direct authority to set sugar prices, but it can control them indirectly through the sugar act of 1948. This act directs the agriculture department to set up quotas on marketings and imports. By moving the quotas up and down, the department is in a position to regulate prices.

Some segments of the sugar industry have been kicking up quite a fuss over the way the department has been administering the sugar law.

On one side domestic producers quite naturally they want prices as high as possible. It was largely in their behalf that the sugar law was passed. The legislation is designed to stabilize prices and supplies of sugar at levels which will enable them to compete with lower-cost foreign producing areas.

On the other side are sugar consumers. They want low prices. Some industrial users, particularly the soft drink industry, have been complaining that prices are too high. The reason they are too high, say the bottlers, is that Secretary of Agriculture Brannan is not permitting enough sugar to be imported to meet domestic needs. Domestic producers do not grow enough to fill the country's needs.

Reflecting the same viewpoint, one sugar refinery threatened to close down. It said it could not get enough raw sugar from Cuba to keep going.

These complaints from users and the refinery led Brannan to boost the overall 1949 marketing quota from 7,250,000 to 7,500,000 short tons on Sept. 13.

Whether this increase will satisfy the industry only time will tell. Government figures show that

Room and Board

By Gene Ahern

during the first eight months of the year Americans used sugar at a greater rate than Brannan's original marketing quota for the year.

The boost in the quota is expected to halt a recent slight upturn in prices.

The department is not convinced, however, that sugar prices are too high. In fact, it believes they may be one cent a pound too low in relation to a price guide set up in the sugar law.

The department recently reported that sugar is one of the lowest-priced commodities, if not actually the lowest. From the Civil War period to the present there has been an upturn trend in almost all food prices. Sugar is a major exception, the report said.

"In terms of prewar (1935-'39) level of all foods, the price of sugar has declined from a level of around 13 cents a pound (wholesale) for the decade of the 1860s to a low point of 3.65 (cents) in 1948," the department said.

Current prices are only slightly above last year's. According to the department, sugar prices would be more than

double what they are if they had advanced as much since 1935-'39 as have all other foods.

The department believes the fact that consumption has jumped from an annual average of 19 pounds per person during the Civil War to more than 100 pounds proves that sugar is a cheap food.

Sound Diplomacy and Sane Thinking Needed

The excitement and apprehensive comments in parts of this nation about Russia having the atom bomb, seem somewhat bordering upon the ridiculous side.

Everybody knows it was only a question of time till Russia and other countries would have this so-called secret. And even if Russia or any other country that has it, is not as far advanced as is the United States, it will be only a question of time till that is also true.

What we need is a little more common sense in dealing with other countries. Our diplomacy leaves much to be desired. The way we seem to be handling matters, we probably would give away secrets about the atom bomb before too long, anyway.

The future peace of the world must rely more on our better diplomacy and a very effective defense of our own. Simply sending a billion or two dollars worth of arms to Europe a year, will not prove very effective in case of war. It is quite possible that such arms might quickly and easily be captured if any country wished to strike viciously and quickly. Also, such arms may as easily fall into the hands of Communists as did the huge supplies we sent to China, some of which, reports say, were sold to the Communists.

As Senator Taft said here recently, rushing arms to Europe is one of the most certain ways to hurry us into war. We are becoming more closely committed to any future war in Europe than ever in our history. This system might easily incite Russia into a war, even though she is not ready or does not want it, through fear that the guns pointed at her may be used at any time by some country which might feel that a war, into which we could be pulled, would be much to that country's advantage.

The only important thing about the announcement of the Russian atomic bomb is that it should make all men realize, more than ever, the need for peace. It puts this matter straight up to us.

Rather than a political demand for more and more money to spend to arm some other country, the need for a statesmanlike diplomacy that will point the way to world

peace and a powerful defense that will discourage aggression, was never more apparent.

Our own national defense has become a muddled question. There seems to be small progress along constructive lines and a terrific lot of money spent without our being in a clear-cut state of preparedness. There is a lot of room for improvement here without our trying to do the things that cause hostility in other parts of the world. We need less bureaucrats and more thinkers down at Washington, D. C.; less waste of money in making political legions and a lot of brass hats secure in cozy jobs, and more spent on sound defense and sane government.

Applied Religion

The writer of a letter to the N. Y. Times claims that religious instruction for school children need not depend on opening prayers or scripture readings. "Where truth is taught, religion is present," he suggests.

His idea is that public school and university teachers have made great contributions to the life of the age. He quotes an English schoolmaster interviewed by L. P. Jacks, in "A Living Universe." This teacher, asked where in his curriculum religion was taught, answered that he taught it all day. In each subject, thoroughness, accuracy, sincerity, reverence, and fair play were applied. Religion was shown, too, in courtesy and truthfulness between students and between teachers and students. Religion as such is mentioned only often enough to give occasional point to its application. Sectarianism is shunned.

No one can deny the effectiveness of this sort of teaching. It does, however, require a high type of teacher, one whose own life is well grounded spiritually. Fortunately for the children of the world, many such teachers exist and exercise great influence. They keep the general level of teaching high.

Life is spiced by the discriminations that recognize value.

By Hal Boyle

Housewife Is Forgotten Waif

NEW YORK — (AP) — Government's most forgotten waif is the American housewife.

The hand that rocks the cradle may rule the world — but it isn't getting any handouts from Washington. And it appears to be the only one that isn't.

There is a Department of Commerce to help the tired businessman solve his commercial woes. There is a Department of Labor for the poor working man. And there are so many agencies set up to assist nature's nobleman, the farmer that he can plant his seeds upside down in a hurricane and still make money.

But there is no Marshall Plan for the matrons, no subsidies for housewives. This is certainly undemocratic, as there are more housewives than dirt farmers.

And it is the housewives who keep the nation going. They control most of the wealth, buy most of the goods, pay most of the bills. If it weren't for the financial

genius of the woman of the house, half the home in America would be bankrupt in a year.

What recognition do housewives get for keeping the country on an even keel? A few kind words on Mother's Day, a half dozen battered red roses — and maybe a dinner out at the local beany. Even then the waiter usually hands her the check, since she is the only solvent member of the family.

But it isn't enough to be a bargain basement Cinderella one evening of the year and a grease monkey to a vacuum cleaner the other 364 days. So mama mopes and feels frustrated and inferior. The kids are going to school and getting educated; papa makes like a hero because he sallies forth five times a week to bring home the bacon. But all she is doing, she feels, is chasing dust and wiping dishes. It is a drab re-noun and a small world after all.

The answer, girls, is to organize. A political league of housewives would bring the politicians running to reward you for your votes.

What do you want, ladies? Free seeds for your flowerbeds? A sab-

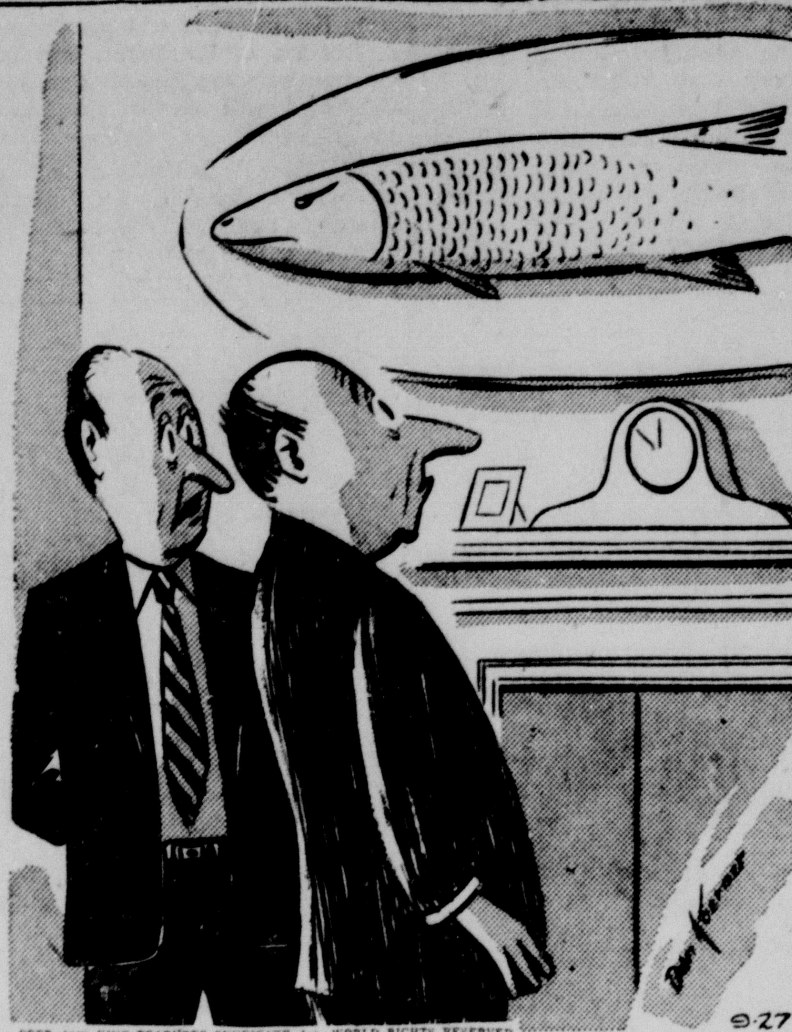

atical leave every four years? Government-paid maid service on Sundays?

Dearies, don't think you can't get all this — and more. And you wouldn't have to fork over any cash to the five-percenters. All you'd have to do to win any demand would be to threaten a country-wide strike. No nation can live by the can opener alone. If you quit wiping Junior's nose, washing the dishes, doing the laundry or cooking the groceries — why millions of hungry husbands would march on the capital to get anything you asked.

But don't sell yourselves too cheap. Make 'em dig up some of that filthy old gold in Fort Knox and circulate it. How about bonuses? Why not government-paid trips to Europe every other year to investigate what foreign housewives are doing? And wouldn't it be a good idea to create a new cabinet post — Secretary of the Department of the Home — held by a housewife?

And don't forget about pensions. Senators get them. Why shouldn't wives? Senators' wives, too. You girls just don't know your own muscle.

Laff-A-Day

"Well, to be quite frank—I caught it in a minnow net and nursed it in the bathtub for seven years."

Diet and Health Coughing Not Good For Asthma Victims

By HERMAN N. BUNDESEN, M.D.

MOST patients with asthma are inclined to cough a great deal. Some even cough on principle, feeling that it is a good thing to bring up secretions which they believe may be a factor in making their condition worse.

It just happens that where asthmatics are concerned this is the wrong principle. Instead of helping, coughing may make matters worse, even to the point of bringing on an attack of asthma.

This is true despite the fact that, in general, coughing is a protective device—both a warning that something is irritating the breathing organs and a means of getting rid of the offender. The patient with asthma, who is subject to repeated attacks of spasm of the tubes in the lungs, already has a good deal of inflammation in these passages. Continued coughing will cause further irritation and prevent rest and healing. According to Dr. Prickman of the Mayo Clinic, the patient with asthma should not be permitted to cough continuously if the asthma is to be controlled. The inflamed lining membranes of the bronchi cannot heal if they are constantly irritated by coughing.

Why Coughing Occurs

A careful study should be made of every person with asthma to determine just why his coughing occurs. Then the cause for the cough may possibly be removed, proper medication administered and rest and healing of the membranes

(Copyright, 1949, King Features Syndicate, Inc.)

may take place. Where the coughing is the result of breathing in some substance to which the person is sensitive, it will continue until this substance is identified and removed from the patient's surroundings.

Sometimes the coughing may be a habit due to nervousness. In other cases it may be caused by an infection of the air passages, and in such cases the cause must be removed.

For example, the patient may be suffering from a chronic sinus infection. In these instances it may be necessary to drain the sinuses because the asthma cannot be controlled if the chronic sinus infection persists.

Sinus Infections

Recurring colds, acute sinus infections or bronchitis not only will bring on asthmatic attacks but also make coughing more severe.

To avoid these infections, the patient must at all times keep warm and dry, get plenty of rest and stay out of contact with others who have colds or similar infections. Colds should be promptly cared for when they occur. The patient with asthma should go to bed at the first sign of a cold and stay in bed until the cold is gone.

QUESTIONS AND ANSWERS

R. M.: Is high blood pressure considered hereditary?

Answer: There is some evidence that certain types of high blood pressure is known to run in families. This is known as essential hypertension.

Bumper Crops For Europe

PARIS, Sept. 27.—(AP)—Europe looks forward to a bumper 1949 wheat crop, approaching the yield of prewar years.

An Associated Press survey of 14 countries disclosed that experts estimate the current harvest will top even last year's crop, despite long summer droughts.

Only two eastern European countries were included in the survey, because most iron curtain countries have made it a crime to disclose crop estimates.

Grab Bag

The Answer, Quick

1. Which is the port side of a boat?
2. Who was the author of the poem titled, Excelsior?
3. What does the word "indigent" mean?
4. With what products is the state of Washington commonly associated?
5. What is an antonym?

Watch Your Language

MALIGNANT — (ma-LIG-nant)—Of a bad kind or nature; to do or make maliciously; having a baleful influence; disposed to do harm, malicious; tending or threatening to produce death, virulent. Origin: Latin—Malignans.

Your Future

Courage and generosity should help to attract the favorable results you are seeking at this time. You should employ all your initiative, business acumen and resourcefulness for furthering your success in the next year. Look for much charm and striking personality in the child who is born today.

How'd You Make Out?

1. The left side as one faces the bow or forward end of the boat.
2. Henry Wadsworth Longfellow.
3. Destitute, needy, poor.
4. Apples and lumber.
5. A word directly opposed to another in meaning.

Murder-Suicide Blamed on A-Bomb

ARCADIA, Calif., Sept. 27.—(AP)—Reportedly despondent over Russia's atom bomb, a college instructor killed himself and a student, police said.

The victims are Walter H. Griffith, 35, language professor at John Muir College in nearby Pasadena, and Donald Otto Magnuson, 23, a University of Southern California student.

Their bodies were found in their home. Magnuson's was in a bathtub and Griffith's on the floor nearby. Near his hand lay a .38 caliber revolver.

The professor's father, Walter H. C. Griffith, told Brown: "Walter's mother and I dined with the night President Truman announced Russia had developed an atom bomb, and he seemed very disturbed about it. I can't think of any other possible reason for his doing a thing like this."

Europe has seven midget principalities: Trieste, Andorra, Liechtenstein, San Marino, Monaco, Vatican City and Luembourg, the largest (999 square miles).

READ THE CLASSIFIED ADS

Government and Common Man

By George E. Sokolsky

The phrase, the common man, is a particularly offensive one to a person who dislikes class distinctions and hates all forms of snobbery.

whether it is the type that thrived on Fifth Avenue when Vanderbilts had money, or Henry Wallace's broad distinction between himself and the rest of mankind. Most of us are pretty much the same breed and when greatness is scratched a little, it is discovered to be of the same clay as the most common.

So it was interesting to read a novel by Charles Yale Harrison in which the common man is called "Nobody's Fool," which gives the book its title. Harrison's style is a bit too sexy and the language unnecessarily vulgar at times but the novel is a realistic survey of that wonderful industry called public relations which is designed to make people believe what they are wanted to believe.

The worst offender in this

business has been the government of the United States which has spent billions of dollars confusing the American people, particularly in the field of international relations. For instance, while this country was at war, the terrific force of the OWI and other propaganda agencies of the government devoted themselves to making a distinction between good and bad dictators. Stalin was a good dictator who loved democracy and had to kill off his associates because they were bad men; Hitler was a bad dictator who believed and practiced fascism which was bad. Communism was not good but it also was not bad. Salazar of Portugal was not so bad a dictator but Franco was very bad because in addition to opposing Stalin, he was a Roman Catholic. Mikhailovich was a wonderful Democrat for a while, but then he became bad because Tito was good. Then Tito was bad but now he is good. Chiang Kai-Shek was good once but now he is bad.

This kind of stuff should be disgusting to anyone with common sense, but the memory of most men is short and only those who have an ax to grind keep files of what other men say and to remind them of their trickeries. In this novel, "Nobody's Fool," Charles Yale Harrison takes the public relations set-up and makes it live. I could give a living name to his principal characters and it would not be coincidental, for these hard-boiled public relations men are all over the lot and it is usual for them to give their clients advice which pulls them out of temporary troubles but gets them involved in permanent

stupidities.

I do not condemn an entire profession and if anybody needs that kind of person, I can recommend one or two who do their work with some regard to public morals. On the other hand, I know plenty of these very smart alecks who are exactly like the character in this novel which you should read if you want to know how you and I are hoodwinked by what might be called the pressures of the preponderance of public opinion.

This story is about how a public relations house builds "The common man" into a personality and cleans up on it. The boss describes the "common man" as follows:

"...He'd have a certain working skill and the people in his crowd would think a lot of him. He wouldn't be the muscle-bound, dumb symbol that you see in radical magazines... the time, he'd tell you if you asked him, wasn't a quarter to doom or it's later than you think; he'd look at his watch and tell you. The man I'm thinking about is the guy that makes and breaks corporations by his sudden and inexplicable switches in tastes and opinions, who elects presidents and sends all the experts and predictors to bed with migraine headaches every time one of those unexpected land-slides starts moving."

It is not at all surprising that everybody, from the president down, falls for their build-up. You have yourself seen a salesman worked over by public relations men until he is one of the great men of the world. Then they drop him and you don't even remember his name.

CONFLICTING with the judges' choice, New York news photographers chose Helen Hagen (above) of Morristown, N. J., as their own choice for "Sweater Girl of 1949." The cameramen insisted their decision was the right one, and who is going to deny them? The competition was in connection with National Sweater Week. (International)

Economist Killed In Accidental Fall

PRINCETON, N. J., Sept. 27.—(AP)—Accidental death is the official verdict in the death of Prof. Frank D. Graham, internationally known economist who fell 70 feet Saturday from the rim of Palmer Stadium.

Dr. Carmine Prunetti, assistant Mercer County physician, said the death was accidental. Police said Graham, 59, and an expert on international financial affairs, plunged to his death a minute or so after seeing Princeton University defeat Lafayette College, 26-14.

Mrs. Mary Louis Graham, wife of the Princeton professor, told police she and her husband became separated in the crush of 22,000 persons leaving the big concrete horseshoe shaped stadium after the game.

Gary Crosby, eldest son of Bing, is out for varsity football at Bel-larmine Prep in California.

Alpha Delta Sorority Holds Meeting At Pensyl Home

Miss Amelia Pensyl handsomely entertained the Alpha Delta Chapter of Delta Kappa Gamma on Monday evening at her home which was gay with autumn flowers. Assisting hostesses were Miss Marjorie Evans, Miss Opal Davids, and Mrs. Florence Lust.

The president of the society, Miss Marjorie Evans, conducted a short business meeting at which plans were made to attend the State Delta Kappa Gamma Convention on September 30--October 1, at the Commodore Perry Hotel, in Toledo. There were reports of various committees and Miss Ruth Stecker read a letter of appreciation from Miss Nita Gullick of Nottingham, England, member of Delta Kappa Gamma, and last year an exchange teacher in Washington Court House. Miss Stecker also stated that Miss Betty Swayne, graduate of Washington High School, who received the Delta Kappa Gamma award of a scholarship, now is attending Ohio State University.

It was voted to extend a year's leave of absence to Miss Ellen Buchanan, now attending Ohio State University, and to Miss Helen Hutson, now in California. Miss Evans distributed literature on

the World Friendship Among Children which is sponsored by the Church World Service and it was voted to send a Christmas package to Miss Gullick's school children in England. Plans were made for a spring luncheon to which visiting chapters of Delta Kappa Gamma will be invited.

Miss Opal Davids, program chairman, presented the speakers of the evening in a symposium of "Vacation Echoes"--Dr. Ruth Teeters and Mrs. Elton B. Elliott, each of whom had traveled, by different routes, from the eastern part of the United States, through the great open spaces and the canyons and mountains of the west, to the Pacific Ocean. Their exciting adventures were pictured so realistically that the hearers marveled at the wonders of America. Delicious refreshments were served by the hostesses at the close of the meeting. Miss Edith Davids of Portsmouth was a welcome visitor.

Dinner Honors Mrs. Dean Hoppes On Birthday

In observance of Mrs. Dean Hoppes' eighty-second birthday Sunday, Mr. and Mrs. George Ortmann entertained with a picnic dinner and invited a large group of the honor guests relatives to help her celebrate the day.

All came with well filled baskets from which a sumptuous picnic dinner was served cafeteria style.

Mrs. Hoppes received a number of lovely remembrances and flowers, among which was an orchid corsage, the gift of her sisters. The taking of pictures and visiting furnished entertainment during the afternoon.

Those present included Mr. and Mrs. Bert Stewart, Mr. and Mrs. Harold Shier, Mr. and Mrs. Esten Doty, Mrs. Eunice Penwit, Mrs. Bessie Johnson, Mrs. Molly Duval, Mr. and Mrs. V. Ortmann, all of Middletown, Mr. and Mrs. Charles Ortmann and son of Columbus, Mr. M. C. Ortmann and Mr. Dean Hoppes.

Four At Fashion Show In Columbus

Mrs. Joe Campbell accompanied by Mrs. Leroy Peck, Mrs. Kermit Hankins and Mrs. Hubert Hankins of Sedalia attended the fashion show "Cocktails Intime" at the Athletic Club in Columbus Monday night. The show was sponsored by the Columbus Fashion Group and attracted more than 300 women from Columbus and central Ohio.

This group of women was rewarded with a showing of high-lights of the fall and winter collections of the top-flight designers in the fashion field.

Carol Hankins, daughter of Mr. and Mrs. Hubert Hankins, was one of the models in the show. She just recently graduated from the New York Andre Correalle Modeling School in Columbus and was selected to participate in this show. She appeared in a beautiful steel gray formal and received her share of applause from the group of women.

Mrs. N. M. Reiff Guest Speaker At Sorority Meet

Mrs. Donald Moore, Primus, presided at the September meeting of the Gradale Sorority held Monday evening in the Record-Herald club room.

The session was opened with the Gradale invocation followed by various reports.

Mrs. Moore announced her committees for the year as follows: Yearly Service Project - Mrs. John Rhoads, Mrs. Charles McCoy; Ways and Means - Mrs. Robert Fortier, Mrs. Dale Ward; Emblem and Parliamentary Law - Mrs. Emory Lynch, Mrs. Eugene Stanforth, Membership committee - Mrs. Willis Chrisman, Mrs. Willis Coffman, Scrap Book - Mrs. Jack White, Gift and Flower Fund - Miss Dorothy Short.

Mrs. Moore and Mrs. Neil Helfrich, delegates from the chapter who attended the state convention in Tiffin Sept. 24 and 25, gave interesting reports. It was announced that the local chapter received second prize in the Pearl contest.

Mrs. N. M. Reiff was guest speaker for the occasion, presenting the subject "Socialized Medicine". Following her talk a resolution was passed opposing socialized medicine and letters are to be sent to Senator Taft and Congressman Brown.

The next meeting will be held October 10 and will be a wiener roast with Miss Joan Crouse and Miss Esther Rapp as committee in charge. The place will be announced later.

Personals

Mr. and Mrs. Riley Burkhardt of Dayton were recent guests of Mr. and Mrs. Wilbur Horney and son Bill.

Mrs. Robert Minor and son Robert Allen of Arlington, Virginia, are the guests of Mrs. Minor's parents Mr. and Mrs. Howard Allen.

Mrs. Hugh H. Wolfe (nee Betty Horney) left Monday for Jacksonville, Florida to join her husband who is stationed there at Cecil Field.

Lynn Geiger of Ohio State University visited with his parents Mr. and Mrs. L. N. Geiger over the week-end.

Mr. and Mrs. M. L. Clark motored to Portsmouth Sunday, taking Mr. Clark's mother Mrs. Elizabeth Clark to her home following a six week stay in this city during which time she was recuperating from a major operation.

Mr. and Mrs. Stanley L. Scott, Mr. and Mrs. Frank Thatcher were in Athens Sunday visiting with Leona Scott, student at Ohio University.

Miss Agnes Kerrigan went to Columbus on Tuesday to enroll at Ohio State University as a graduate student in the department of philosophy in the College of Arts and Sciences.

Mr. and Mrs. Mose Wilson re-

District Meeting Of D. A. R. In Oxford Tuesday

Local members of the Washington C. H. Chapter of the Daughters of American Revolution attending the convention in Oxford Tuesday were Mrs. John Weade, Regent, Miss Charlene Mark, Mrs. J. Earl McLean, Mrs. Harry Hays, Mrs. Richard Rankin, Mrs. Harry Rankin, Mrs. Oscar Beatty, Mrs. Ervin Miller, Mrs. Robert Haigler, Mrs. Edgar Coil and Miss Florence Connor.

This is the southwest district meeting of this group which is being held at Oxford Carolyn Scott Harrison Building of the Daughters of American Revolution at Oxford College. Luncheon will be served at noon and the Oxford Carolyn Scott Chapter is in charge of the arrangements.

turned Sunday from Chicago where they attended the pageant "Wheels-A-Rollin'" at the railroad fair.

Miss Leah Krebs, Mrs. Jeanette Lindsey and Miss Mary Sharp of Wilmington, have returned from a sixteen day tour of Colorado, Arizona, New Mexico, Texas, Oklahoma, Arkansas and Kentucky. The places of interest visited included Pike's Peak, The Garden of the Gods, Santa Fe and Albuquerque, New Mexico, Painted Desert, Petrified Forest in Arizona. They stopped in Tucumcari, New Mexico and Tulsa, Oklahoma to visit friends and relatives and Eureka Springs, Arkansas, which is called "The Little Switzerland of America."

Miss Fannie McLean returned Monday to her home in this city from a visit in Newark with her brother Mr. Howard McLean and family. Friends here are gratified to learn that Mr. McLean is showing some improvement following a recent stroke of paralysis.

Mr. and Mrs. Dwight Coffman have returned from Chicago where Mr. Coffman was in attendance at a convention in the interests of the Coffman Staircase Company.

Miss Gloria Kelly and Mr. Don Gates of Dayton were Sunday guests of Mr. and Mrs. Neil Hercules.

Mr. and Mrs. Fred Marchant have returned from a week's visit in Chicago and Toledo.

Mr. and Mrs. Richard Maugher, Mr. and Mrs. Charles Bowlers, daughter Paula, Mr. and Mrs. Robert Maugher and daughter Vicki of Chillicothe, motored to Cleveland Sunday where they visited with their father, Mr. Everett Maugher, a patient in the Cleveland Clinic Hospital.

Mrs. Howard Henderson of Port Huron, Michigan is visiting with her daughter Mrs. Neil Hercules and family.

Sandra Douds Honored Sunday

In celebration of the first birthday of little Sandra Lee Douds which occurred on Monday, her parents Mr. and Mrs. Samuel Douds invited members of their families for a small party on Sunday evening.

The little honor guest was the recipient of a number of lovely gifts. The traditional birthday cake was centered with one burning taper and was later served with ice cream to those present.

Guests included Mrs. P. M. Cook, Mrs. Iona Douds, Mr. Emil Wilson, Mrs. Maude Barrett, Mr. and Mrs. James Wilson, son Jimmy, Mr. and Mrs. Fuller Jefferson daughter Holly, son John, Mr. Howard Jefferson, Miss Jane Jefferson, Miss Florence Cook, Mr. and Mrs. David Barchet.

Club Meets At Alexander Home

Mrs. Lloyd Alexander was hostess to members of the Big Four Mysterious 15 Club at her home on Monday.

Mrs. Richard Park, president, called the meeting to order. Roll call was answered by naming a favorite flower. Reports were given by Mrs. Mack Smith.

Members were urged to bring new ideas for needlework to the next meeting. Plans were also discussed for adopting a shutin. A lovely array of aprons made by the members was displayed and auctioned, the proceeds adding a nice sum to the treasury.

In a number of clever contests favors were presented to Mrs. Loren C. Johnson, Mrs. Mack Smith, Mrs. Richard Park and Mrs. Gerald Henry.

The October meeting will be held at the home of Mrs. Wilbur Roberts.

Surprise Dinner For Birthday

Miss Maggie Clemens was pleasantly surprised on her birthday Monday noon when her nieces Mrs. Pauline Writsel of New Holland and Mrs. Hazel Hidy, of this city, planned a sumptuous meal at the home of Mrs. Hidy.

A blue and white color scheme

TB Publication Praises Program

Favor One Exec-Sec'y For Fayette-Highland

An editorial tribute is paid to the Fayette and Highland County Tuberculosis and Health Association in the September issue of the state association's magazine, "Ohio Public Health."

The write-up pertains to the appointment of J. Paul Strevey of Washington C. H. to serve as executive-secretary for both counties.

The publication also announced that Janet C. Allen, formerly a teacher at WHS here, has resigned to attend the University of California.

"The Boards of Directors of the Fayette County Association and the Highland County Association are to be congratulated on their foresightedness and their willingness to forget the political barriers of a county line in an effort to bring better health service to both counties," says the article.

Under the three-way agreement between both counties and the state association, Strevey will handle the combined area and will aim at a coordination that will result in greater efficiency for all concerned.

The Ohio Tuberculosis and Health Association is providing a \$300 annual subsidy to each county to assure adequate financial support of the project.

The editorial points out that, although the idea of combining counties was suggested some years ago, it resulted in failure because of shortsighted Boards of Directors and "the unwarranted fear that one county would get more service than the other."

"Service has since suffered in those areas," it said. "We shall be watching the (Fayette-Highland) project carefully," the article concluded, "and we recommend it to Boards of Directors of county associations... faced with a desire to expand their programs, but hampered because of lack of trained employees and adequate budget."

Those participating in the affair with the honor guest were Mrs. Jane Glaze, Mrs. Cora McArthur, Mrs. Pauline Writsel and children Marilyn, Gary and David of New Holland, Mrs. Elsie Blessing, Evelyn, Helen and Howard Hidy, Mrs. Nannie Jacobs and daughter Florence and Hazel Hidy.

was artistically carried out in the appointments.

Area Rent Control Head Honored

AREA RENT DIRECTOR Edward F. Wagner (left above) receives an accomplishment award from Secretary of Commerce Charles Sawyer. Looking on is William Barr, special assistant to Housing Expediter Tighe E. Woods.

Friends here of Area Rent Director Edward F. Wagner are happy to have received word of recognition which was accorded him recently in Washington D. C. Wagner, who directs rent control in an area which includes Washington C. H., was recently presented an accomplishment award by Secretary of Commerce Charles Sawyer.

The award, ordered by the housing expediter, was made for Wagner's efforts in "liberalizing

and localizing" rent control regulations.

Wagner reportedly has favored local rent control officials handling problems peculiar to their own areas. He has encouraged them to work for equality for both landlord and tenant.

Wagner directs rent control activities in an area, which includes the city of Washington C. H., Fairfield, Delaware, Marion, Licking and Muskingum counties.

He has been engaged in rent control administration since 1944.

Hayes-Yates Ditch To Undergo Survey

The county engineer's office was ordered by the county commissioners Monday to survey and draw plans for the repair of the Hayes-Yates ditch, announced County Engineer E. N. Leonard today.

A joint Madison-Fayette County ditch, it crosses and recrosses the north-central boundary line of Fayette County and drains that section.

Established and constructed in 1887, it hasn't undergone any repairs since 1902, it was said.

The ditch is about three and a half miles long and about one-half of it lies in Fayette County.

It begins in Madison County, forms a "U" where it enters Fayette County, and empties into the east fork of Paint Creek in Madison County.

The cost of repairs to the ditch will be borne by the landowners whose property benefits by the drainage.

Each landowner will be assessed according to the number of acres he has draining into the bi-county ditch.

The county commissioners set a deadline date of December 14 for the plans to be ready.

Food Preparation Meeting Scheduled

Demonstrations in preparing food for freezing will be held Wednesday at 1:30 P. M. and 7:30 P. M. at the Farm Bureau Auditorium, 319 South Fayette Street, with W. W. Montgomery the chairman.

D. D. Moyer, poultry extension specialist; I. P. Blauser, extension agricultural engineer, and H. B. Bolin, food preservation specialist, will be on the program both afternoon and evening.

Bolin is at Dayton Tuesday, giving demonstrations at the University of Dayton.

Both sessions here are free and the opportunity of watching food prepared for deep freezing, is expected to draw a large number of interested people.

\$890,000 NEEDED
XENIA—Erection of an elementary football stadium is contemplated in a \$890,000 bond issue planned for Bath Township.

WILL CELEBRATE
BAINBRIDGE—The Masonic Lodge will observe its 100 anniversary, Oct. 4, with a dinner for 300 persons.

Health Board Still Screening

Check for Diphtheria, Smallpox Protection

More than half of Fayette County's schools have been screened by the county Board of Health to insure protection of the children from smallpox and diphtheria.

Dr. Gordon E. Savage, health commissioner, and staff nurses of the health department, are systematically checking each first-grade child and newcomers to the schools for smallpox vaccination and diphtheria immunization.

Since the smallpox vaccination takes from seven to ten days to show if it has "taken," results on the schools already covered are not yet known.

Where the child is being immunized for the first time, two diphtheria shots are needed to make the toxoid effective, so those results are not yet ready.

If the school child has not had a typhoid shot within the last two years, a booster is recommended. Pupils up through the fourth grade are being checked on their typhoid boosters.

Children needing vaccination or immunization are referred to their private physicians by health authorities.

But, where the parent signs a parental consent card for his child, the Board of Health will provide the necessary care.

Mrs. Joseph Colgrove, staff nurse, assisted at the following schools, screened last Tuesday: Staunton, Olive, New Martinsburg, Good Hope and Wilson.

Staff nurses Mrs. James Cooper and Mrs. Ruth Smith assisted at Madison Mills, Bloomingburg, Eber, Chaffin and Marion on Friday.

The screening will continue this Tuesday at Yatesville, Bookwalter, Jeffersonville and Milledgeville.

The check previously scheduled for Friday, September 30, has been changed to October 4 since Dr. Savage will be attending the annual conference of health commissioners in Columbus on September 29 and 30.

The Eastside, Sunnyside, Rose Avenue, Central and Cherry Hill schools will conclude the examination on the October 4 tour.

Football Player Dies after Game

NEW YORK, Sept. 27—(AP)—John Lasak, 21, varsity right half-back on The City College (CCNY) football team, was found dead today in his dormitory room. A doctor said he apparently suffered a heart attack.

In last Saturday's opening game, the 185-pound Lasak scored three touchdowns and led the Beavers to a 59-0 victory over Susquehanna. On one scoring play he intercepted a forward pass in the end zone and ran 102 yards for a touchdown.

Dorcas Society Asks Clothing

Aid for Children In Germany Asked

The plight of children in eastern Germany is pathetic—and the Dorcas Society of the Seventh Day Adventist Church here is trying to do something about it, besides feeling sorry.

With the help of the general public, the society wants to participate in the church's program for sending them warm clothing.

Although the little church on Broadway does not have a large membership it is active and the Dorcas Society has organized its campaign with determination and faith.

An appeal is being made for clothing of all kinds, particularly children's clothing, underwear and shoes. Shoes, it was said, are "almost

most unobtainable." Clothing for boys was described as "practically non-existent."

Elder Cecil A. Poden, the church pastor, is lending his support to the project, but it is the Dorcas Society that is carrying on for the church here.

Mrs. Harry Parrett is the leader of the society and Mrs. Della Ford is the secretary. Mrs. Edward Lynch is the committee head.

Mrs. Ford said a telephone call to any of these three or to any member of the society would bring a pick-up to the door.

The society spokesman said that the need was for "only clean, substantial clothing and warm underwear, stockings and low-heeled oxfords."

The need for clothing for children under 15 years of age, particularly boys, was described as very urgent.

A bulletin from Elder E. D. Dick, secretary of the church's general conference, said the children of eastern Germany are "hungry, ragged and cold. They cannot earn a living. Many of them are orphans or semi-orphans. Their food ration is on a starvation level along with adults. It is impossible to buy clothing."

Food presents less of a problem, the bulletin said, because it can be purchased in adjoining countries more cheaply than in America.

ca. Besides, Elder Dick said, food is heavy and postage rates are high.

The mercy program of the church came into being, Mrs. Ford said, after Elder Ford returned from an extended trip through the destitute section and made his report to the church headquarters.

HUNTER DIES
CHILLICOTHE—Death due to heart trouble claimed Robert Henry McClelland, 47, while he was hunting.

Nine Ole Miss seniors are in line for fourth football letters this season.

"Rhodes" Clubs Being Formed; Mayor Silent

COLUMBUS, Sept. 27—(AP)—"Rhodes for Governor Clubs" are being formed although Mayor James A. Rhodes of Columbus has not announced his candidacy.

Frederic D. Stanton of Columbus, national vice commander of the American Veterans of World War II, said he is forming the clubs to support Rhodes' candidacy in the 1950 Republican gubernatorial primary election.

Red Sox Knock Yankees Out of Lead

BY RALPH RODEN
(By the Associated Press)
The possibility was strong today that the nation's railroads—and not New York's famed subway system—will transport the participants in the 1949 World Series.

The right of way between Boston and St. Louis is the expected route of the series personnel instead of the hour ride via the underground from Ebbets Field to the Yankee Stadium.

New Yorkers' hopes of a "subway" World Series suffered another rude jolt yesterday when the torrid Boston Red Sox defeated the New York Yankees, 7-6, to snap their first place tie and move a game in front of the floundering Yanks in the American League race.

The dreams of a dime classic Kirkpatrick Girls Take Early Lead

Kirkpatrick's Funeral Home girls today were picking up right where they left off last year—by making clean sweeps of their Ladies League bowling matches at Bowland.

Monday night's victims of the Kirkpatrick girls were the Candy-makers. That was the "hot" match of the evening. The winners chalked up a 2464 total, but the Candy-makers were not far behind with 2317.

The Morris Store girls won all three of their games from the Montgomery Ward team and clinched their efforts with a fat 838.

The NCR Blues salvaged one game of their match with the Funk Restaurant girls from Jeffersonville the hard way. In the last game the two teams finished in a 743-pin tie and the Funk crew won the roll-off.

The Try-Me Taxies won the first and last games of their match with the Loudner quintet but dropped the middle tilt by 31 pins.

were jarred Sunday when the St. Louis Cardinals moved a game and a half in front of the Brooklyn Dodgers by downing Chicago while Brooklyn succumbed to Philadelphia.

Both the Red Sox and the Cards renew their pennant drives on foreign fields today while the Yanks are at home and the Dodgers idle.

The Red Sox, riding a ten game winning streak, take on the last place Senators in a night game at Washington while the Yanks entertain the better equipped Philadelphia Athletics. The Cards meet the sixth place Pirates in a night game at Pittsburgh.

Five Games Left
Both the Red Sox and Yanks have five games left to play. The two contenders wind up the season in the stadium with single games Saturday and Sunday following their three game series against Washington and Philadelphia.

The Red Sox outlook is brighter than the Yanks. The spirited men of McCarthy have beaten the Senators 13 straight times. The Yanks have won 12 out of 19 engagements with the A's.

St. Louis will have its work cut out beating Ralph Kiner and Company. The Pirates, despite their lowly perch, have split 20 games with the Red Birds.

The Dodgers return to action tomorrow when they open a two game set with the fourth place Braves in Boston.

A disputed squeeze play, that climaxed a four-run eighth inning rally gave the Red Sox their triumph over the Yanks before 66,156 paid onlookers.

Coach Fesler Takes Blame For Weakness

COLUMBUS, Sept. 27—(AP)—The "leaky" defense displayed last Saturday by Ohio State's gridders in the Missouri game was his fault -- not the team's -- Coach Wes Fesler declares.

Fesler placed the blame on his own shoulders yesterday in his weekly huddle with sports writers. The Tigers' record of 34 points and 488 yards on the ground and in the air almost upset the Buckeyes in their 1949 opener. They salvaged the game by a one-point margin, 35-34.

Fesler told the sports writers: "After studying the movies we decided several things. 'First and foremost, Missouri was a gosh-darned good football team. Their quarterback, Klein, was a better passer than we had any reason to expect. Then, too, their fullback carried the ball -- something he had never done in the eight years we played Missouri.'"

"We also found that we had our boys to do impossible things on defense. We were really full of holes."

The Buckeye coach said the long defensive preparations made for the Tigers, mostly based on last year's scouting reports, were just "two weeks wasted." He continued:

"Thank heavens we had an offense. Offensively we were very good. Our blocking was sharp. The time we spent in having all our backs pass was well spent. Jerry Krall (left halfback) is a threat now that he wasn't before."

Freshman Coach Harry Strobel, who scouted Indiana as it was kicked around, 49 to 6 by Notre Dame, Saturday, seemed not to be impressed by Ohio State's foe next Saturday.

DON'T FORGET
Television Drawing At Krogers.
Wednesday, September 28, 8 P. M.

Bobby Boerr bunted Johnny Pesky across with the big run. Doerr dropped the ball down the first line. Tommy Henrich's throw had Pesky beat but umpire Bill Grieve called Pesky safe. He said later the Red Sox runner slid under Yankee catcher Ralph Houk.

The Yanks immediately swarmed around Grieve like a bunch of hornets, claiming that Houk had blocked off Pesky. Houk, a major in the Rangers during the war, was the most enraged of the Yanks.

Catch Saves Game
Ellis Kinder, who shut out the Yanks in Boston Saturday, blanked the New Yorkers in the last two rounds but an amazing catch by Zarilla saved the game in the ninth. With one down in the home ninth Henrich whaled a drive to right. Zarilla sprinted to his right, leaped while in full stride, caught the drive, tumbled to the ground

but held on to the ball. Kinder then walked Yogi Berra but Hank

Bauer fled out to end the game. The Red Sox opened the game by scoring three runs in the first inning against Tommy Byrne and Fred Sanford.

Young Mickey McDermott held the lead until the fourth when the Yanks moved ahead with a four run rally. McDermott almost received his walking papers in the second but Zarilla came up with a tremendous catch against the right field stands to rob Johnny Lindell of a three-run homer.

No other games were scheduled.

Fight Referee Bauman Dies of Short Illness
CINCINNATI, Sept. 27—(AP)—Lou Bauman, who battled his way to recognition as a flyweight boxer and later became widely known as a referee, died last night after a brief illness.

His family said it was the first time Lou had been ill in his 68 years.

Always colorful as the "third man in the ring," Bauman worked some 15,000 fights during his 25 years of officiating. They included many bouts at the YMCA and Cincinnati gym, where he was boxing instructor for nearly 25 years.

Westbury Trot Feature Is Won by Scrantonian
WESTBURY, N. Y., Sept. 27—(P)—Scrantonian, an 11-year-old chestnut gelding, won the featured good time trot in 2:06 2-5 at Roosevelt raceway last night, scoring by several lengths over Chestnut P. Spencer. Ballard Hanover was third.

The victory marked Scrantonian's third triumph of the season in 15 outings and as favorite, he paid his backers, \$3.80, \$3.50 and \$5.10 across the board.

City College of New York's cross-country team has gone unbeaten in dual meets.

Under the new plan, Pierson said, Burke, Aleshire and Smith will do most of the ball carrying. Aleshire and Alkire are to handle the passing.

The Hughes team, which has lost both games this season (Columbus North 25-6 and Cincinnati Purcell 62-6), is big and not too fast, Ron Guinn reported after scouting last Friday's game for the Lions. The line, he said, would average about 200 pounds. The team also has at least one fast back.

Pierson said Joe Burke, a rugged boy and one of the fastest on the squad, is to be brought into the fullback spot from his regular tackle position.

The change, Pierson said, was to get more speed in the backfield. Bob Alkire, a freshman, and Dave Shneider, another first-time

er in football, are to do the ball handling from the quarterback post.

Jim Aleshire, a hard running ball carrier, and Carl Smith, another freshman, are to take over the halfback spots.

The aerial attack is not going to be by-passed and some new plays for the forward passing from the T are being worked out.

Coach Fred Pierson, while not going into details, confirmed the suspicion of the coming change Tuesday morning.

The whole batch of changes is still in the formative stage, but Pierson gave out a few inklings which were supported by the previous evening's workout formations.

The Lions are going to shift from the single wing formation to the T, at least some of the time, in the hope of developing a more effective offense.

Fraternal League Teams in Action

Bowling went into its second week as the Fraternal League took to the alleys at Bowland Monday night.

The Lions Club swept all three games from the Washington Country Club as they racked up 2519, the highest grand total for the evening. M. Powers hit 201.

Bireley led the Elks to a two out of three win over the Record-Herald with his 535 total.

BY JACK HAND
NEW YORK, Sept. 27—(P)—Outfielder Cliff Mapes today found himself the middle man in a boiling controversy between umpire Bill Grieve and the New York Yankees over the squeeze play decision by which Boston took over the American League lead.

After umpire Grieve called Johnny Pesky safe at home on Bobby Doerr's squeeze bunt in the eighth inning of yesterday's game, Mapes, a non-combatant, yelled: "How much did you bet on the game?"

Grieve said the Yank flychaser repeated the remark in a runway under the stands after the ball game, the score of which was 7-6.

"There's never been an umpire found guilty of anything like some ball players--like throwing a game," Grieve commented.

In the cool of the evening, Grieve said he still intended to report the incident to President Will Harridge of the American League.

"I'll explain the Mapes incident," he said, "and also tell how I was pushed by Houk (Yankee catcher Ralph Houk) and the manager (Casey Stengel). I kept Houk in there because he was their only catcher but any other day, you know, both would have been out."

"The runner slid under Houk and that's all there is to it. Sure, I could have made the easy call, giving it to the home club; but in my heart, I know I made the right call."

Associated Press photographers caught the disputed play. Pictures show plainly that Henrich's throw beat Pesky to the plate. Whether

Nasty Crack Made To Umpire Has Yankee in Boiling Water

BY JACK HAND
NEW YORK, Sept. 27—(P)—Outfielder Cliff Mapes today found himself the middle man in a boiling controversy between umpire Bill Grieve and the New York Yankees over the squeeze play decision by which Boston took over the American League lead.

After umpire Grieve called Johnny Pesky safe at home on Bobby Doerr's squeeze bunt in the eighth inning of yesterday's game, Mapes, a non-combatant, yelled: "How much did you bet on the game?"

Grieve said the Yank flychaser repeated the remark in a runway under the stands after the ball game, the score of which was 7-6.

"There's never been an umpire found guilty of anything like some ball players--like throwing a game," Grieve commented.

In the cool of the evening, Grieve said he still intended to report the incident to President Will Harridge of the American League.

"I'll explain the Mapes incident," he said, "and also tell how I was pushed by Houk (Yankee catcher Ralph Houk) and the manager (Casey Stengel). I kept Houk in there because he was their only catcher but any other day, you know, both would have been out."

"The runner slid under Houk and that's all there is to it. Sure, I could have made the easy call, giving it to the home club; but in my heart, I know I made the right call."

Associated Press photographers caught the disputed play. Pictures show plainly that Henrich's throw beat Pesky to the plate. Whether

or not the tag was made before he slid over with the run, is open to discussion.

Whether Mapes will be disciplined by league headquarters is for Harridge to determine.

Last Man's Club To Honor First Departed Buddy

Banquet Set for 9 P. M. Wednesday; More Than 50 Members to Attend

A vacant chair, an overturned saucer and a wreath of flowers in the center of a plate will rever the memory of a departed comrade Wednesday night when the Loral N. Allen Last Man's Club holds its banquet here.

More than 50 members of the unique VFW organization—which takes its name from its first member to "go west"—will hold their first banquet for the purpose of honoring Allen.

Allen, number 14 on the roll of the club, died September 13 in the Veterans Administration Hospital in Dayton. With his death the roll was closed at 118 members.

When members gather at the Country Club at 9 P. M. Wednesday, they will note the vacant chair—set apart from the rest. A candle will burn at the back of the plate.

Allen's name will be noticeably absent from the roll call to which all the members present will answer.

Principal speaker for the evening will be City Manager Winston W. Hill.

Officers of the club who will be introduced include the following: Earl Snider, president; Earl Slavens, senior vice president; Herbert Woodruff, junior vice president.

Darrell Woods, secretary-treasurer; Don Hilt, chaplain; Al Conaway, historian; O. H. Conaway, sergeant at arms; James McCoy and Walter Whaley, trustees.

The Last Man's Club here was organized last fall from members of the VFW post.

Its purpose is to "honor the memories of departed comrades . . . and further good fellowship."

The organization meets twice each year—once in November for the election of officers and once in the first two weeks of September to honor the departed comrade or departed comrades.

These meetings will continue as long as there are still members left alive in the organization or as long as the club is active.

There are other such clubs in Ohio and other parts of the United States.

The first club was formed in the United States at St. Paul by Civil War veterans.

Ask Commissioners To Clear Stream

A small delegation of residents along Paint Creek, south of Washington C. H., with Frank Weade as spokesman, appeared before the county commissioners Monday, and asked for the commissioners to have the channel of the stream cleared of trees and other obstructions, with possible dredging of the stream where needed.

The pollution of the stream was also mentioned, and action urged to bring all possible relief.

ACCIDENT PROBED
CHILLICOTHE — Joseph E. Clark, Ross County Engineer, investigating collapse of a bridge over Kinnikinnick Creek in which William H. Jacobs, 21, was injured, found that collapse was due to the bridge having been struck by a vehicle sometime prior to its collapse with Jacobs.

It was estimated in 1889 that there were only 541 bison in the United States of an original 50,000,000.

County Courts

SENT TO WORKHOUSE

Sylvester Bowen, on a non-support charge, was fined \$250 and sentenced to the Cincinnati Workhouse for six months, when he appeared before Judge Rell G. Allen in probate court.

It was the fifth time Bowen had been taken into custody by Sheriff Hays for the offense and taken into juvenile court.

Deputy Sheriff Charles Foster took Bowen to the workhouse Tuesday.

NEWLAND IS FINED

When he was taken before Judge H. M. Rankin on a charge of driving while intoxicated, Clarence Newland was fined \$150 and costs and suspended from driving for one year. He was also given 30 days in jail, and this part of the sentence was suspended pending good behavior.

TO TRANSFER REALTY

Grace B. Cannon, executrix of the estate of Pearl Barnes Spitzer, has been authorized to transfer real estate to herself as sister of Mrs. Spitzer.

INVENTORY APPROVED

In the Vernon Taylor estate, an inventory filed by Clark Wickensmeyer, administrator, has been approved.

REALTY TRANSFERRED

Real estate in the Jennie Patton estate has been transferred, one-third to each of the following persons: Dallas H. Patton, Springfield; Ralph Patton, Springfield; and Darrell W. Patton, all grandsons of Mrs. Patton.

EXECUTOR NAMED

Elmore A. Remy has qualified as executrix of the estate of Hybert E. Remy.

WILL PROBATED

The will of Hybert E. Remy, executed April 7, 1947, and witnessed by Rose Simmons and A. E. Simmons, has been probated. The testator leaves all property to his widow, Elmore A. Remy.

Child is Injured On North Street

Steven Jennings, three-year-old son of Mr. and Mrs. Ray Jennings, 1020 North North Street, was badly injured Monday afternoon, when he dropped a ball which rolled into the street. In running after the ball he ran into an automobile driven by M. L. Sollars, Eber grocer, who was driving slowly at the time.

The child sustained a badly lacerated ear and concussion of the brain. After being cared for by Dr. Joseph M. Herbert, the little boy was taken to Grant Hospital, Columbus in the Gerstner ambulance.

Services Are Held For Phillip Mabra

Funeral services for Phillip Mabra were held at 2 P. M. Monday at the Gerstner Funeral Home, with Rev. George Stinson in charge.

Rev. Stinson read the Scripture and offered prayers. Miss Margaret Woodson and Donna Jean Johns sang "Jesus Wants Me For A Sunbeam," with Mrs. Gladys Johns playing the piano for the processional and recessional.

Burial was made in Washington Cemetery.

State Examiner Is Making Audit Here

Earl Serbu, Wilmington, state examiner from the state auditor's office, arrived Tuesday and started work on a general audit of all county records recovering a period of more than one year. He will be here several weeks.

Large Group Is Planning Trip For October 6

Fayette Delegation's Visit to Bromfield's Farm Attracts Many

Quite a number of people from this county, are planning to make the trip to Louis Bromfield's famous Malabar Farm on Thursday, October 6.

Ralph Penn, secretary and H. H. Denton, president, of the Fayette County chapter of Friends of the Land, which is sponsoring the motor trip, have had many calls from individuals indicating they are scheduling the day for this outing.

Louis Bromfield

Several carloads of visitors from other points have phoned to the officials here as to plans. These include people from Hillsboro, Greenfield and Mechanicsburg, who have stated they should like to join the Fayette County caravan.

This date of October 6, was set aside by Louis Bromfield, nationally known, writer and lecturer, especially for the Fayette County delegation. It is not a regular visiting day at the farm and Bromfield has stated that he will be present to greet the visitors and lead an inspection trip over the farm. Malabar Farm is one of the outstanding examples in the country of what can be done to make a run down farm highly productive.

With expectations of carloads of visitors to make this trip, Col. George Mingle, head of the Ohio Highway Patrol, has written to Secretary Penn that special patrolmen will be assigned to render all possible assistance to members of the motorcade, and will be on hand to lead the way to the farm from Mohican State Forest, promptly at 12:30 on October 6.

Many who plan on this trip are reported to be arranging lunches to eat in the state forest where there are all facilities for picnic parties. Others probably will eat at restaurants in Mt. Vernon enroute to the meeting place at Mohican Forest.

Officials of the Friends of the Land state that the best route from this city is to follow state route No. 3, the CCC Highway, all the way to Mohican State Forest.

SPEAKING OF Furniture
By WENDELL BRIGGS

THAT MAGIC TOUCH

Aladdin worked wonders with lamp and home decorators have been doing the same ever since. The smart housewife knows how to use them and where to use them to add further beauty to a room.

No matter what period, or combination of periods you use in furniture, you can always find a beautiful lamp to fit the mood of the room.

For the sake of illustration, we have used a typical modern setting to show how lamps can be used to the best advantage. The lighting problem here is handled with thought and grace . . . not only for reading and working, but for the overall soft decorative touch so important to any setting.

Make your lamps serve in these three ways and you'll notice the difference in mood and personality that lighting alone can create.

Let these columns be a challenge for your creative talent in finding new and attractive ways to beautify your home with lamps.

And, as always, we're here to help you in any way we can, so drop in any time for a chat.

The Old Home Town

By Stanley

Office Filled by Future Homemakers

Barbara Manhan was elected president of the Future Homemakers of America at the monthly meeting Monday afternoon at Washington High School.

The meeting opened with a group reading of the FHA creed, followed by an election of officers. The office of vice-president went to Jane Huff; secretary, Sue Williams; treasurer, Martha Wyatt; news reporter, Jennie Lee Irion; parliamentarian, Bona Beckett; historian, Margaret Kibler and advisor, Mrs. Wayne Woodyard.

The October meeting will also be held at the high school, it was announced.

Two Drivers Are Arrested, Fined

Two drivers were picked up by state highway patrolmen here Monday and fined by Police Court Justice R. H. Sites.

Oscar Childers, 22, of Springfield, was arrested for reckless operation of his vehicle on route 35, east of Washington C. H.

He was fined \$15 and costs. Donald F. Burns, 22, of Stockdale, was arrested for passing on a yellow line. He was also fined \$15 and costs.

He said plans have been made to keep the Fayette County AAA office open from 7 to 9 P. M. Thursday and Friday to enable residents to obtain the licenses.

The auto club office will remain open each day to handle applicants for new drivers' licenses.

A steady stream of persons went through the office Monday. A last-minute rush is expected near the end of the week.

W. W. Hill Addresses Business Women's Club

City Manager W. W. Hill was in London, Monday night, and addressed the Business and Professional Women's Club on "the city manager form of government."

He told of the success of the city manager form in Washington C. H. and how the city had moved forward over a period of years, liquidating heavy indebtedness incurred under the old form of government, making modern improvements and keeping healthy financially.

Street Paving Moves Rapidly

Clinton Ave. Is Next on List

Work of resurfacing several sections of state and federal routes through Washington C. H., is proceeding rapidly, and the crew is now working on Market Street, from North to Hinde, and down Hinde to Court, thence on Court to Clinton Avenue, and to the corporation line.

The first course has been laid on North North Street, from Court to the corporation line; Dayton Avenue, from the corporation line, down Water Street to Temple, and Temple to Fayette Street, thence south on Fayette Street to Court. Th square between Court and Market Street, on Fayette, was laid Tuesday morning, after which work on Market Street got under way.

After the first course is completed, work of laying the second and final course will be started on North North Street.

O. E. Liller, London, has the contract and the same equipment is being used that was used in resurfacing East Street.

Meat Prices Skid

(Continued from Page One)

In Springfield, pork likewise was down 10 cents a pound, but beef was unaffected.

The meat institute at Chicago reported a decline in wholesale prices of quite a few meat cuts—especially pork—in the last week or 10 days. It said the reductions were seasonal because of the marketing of spring pigs.

Meat buyers in Columbus and Cleveland, however, credited the break to heavy runs of both hogs and cattle to packing houses. A Cleveland packing house spokesman said he anticipated a 15 percent increase in receipts of both hogs and cattle soon because of the plentiful corn supply. Increased receipts, he said, would lower pork and beef prices.

Bridge Collapses Near Chillicothe

CHILLICOTHE, Sept. 27.—(P)—A 30-foot section of a steel bridge over Kinnikinnick Creek collapsed dropping a car and its driver 35 feet into the knee-deep water.

The driver, William A. Jacobs, 21, of Chillicothe, not only survived, but had only bruises on his forehead and leg and a few scratches to show for his experience.

His car suffered damage, including a hole he kicked in the top to escape after the car landed on its side following a plunge.

Residents of the area said the steel truss span customarily was used daily by several school buses.
